

Celebrate

Geography Awareness Week!

November 16th - 20th, 2009

Geography Awareness Week has been held the third week of November since 1987. It is an international initiative involving numerous geographic organizations down to the local level.

The purpose of **Geography Awareness Week** is to demonstrate the importance of geography to all Canadians, to promote geographic education in K - 12 and at all levels of education as well as in government and industry.

For more information on Geography Awareness Week, please visit:
http://www.cag-acg.ca/en/geography_week_2009.html

The Canadian Association of Geographers (CAG) has established an inspiring program to encourage people to become actively involved in **Geography Awareness Week** which includes 'Theme Days'. Theme days focus on how geography relates to a particular issue or subject. The theme days for 2009 are:

Monday November 16, 2009: Weather and Climate
Tuesday November 17, 2009: Water
Wednesday November 18, 2009: Energy
Thursday November 19, 2009: Transportation
Friday November 20, 2009: Food and Health

Check out the activities planned for next week!! (Page 2)
Then come and visit us at our table in the Hall of Fame on Monday and Thursday!

For more information or if you want to get involved, please contact:
GeoHawks - Undergraduate Geography Society
GGA - Graduate Geographers Association

Geography and Environmental Studies

"Its Geography Awareness Week" Nov 16 - 20th

"Watch for events and activities put on by the **GeoHawks** (Undergrad Geographers), the **GGA** (Graduate Geographers Association) and the **Department of Geography and Environmental Studies**"
